The HRN Directory lists holistic practitioners throughout the Tri-State Area as well as Dutchess, Orange, and Ulster Counties. It is distributed FREE to the public at health food stores, libraries, and the offices of its members. It is also sent directly to the private offices of over 2000 practitioners to stimulate referrals within the holistic community.

The HRN Directory is a labor of love...an opportunity for us to support the holistic community and we hope you will, in turn, support us. Our reward is the gratitude we get from the many holistic practitioners who are so busy with their practices that they appreciate our keeping their businesses in the public's eye...a specific and discerning public who appreciates having choices in their health options.
