CURAFAS® MEDICATED TREATMENTS FOR SKIN AND SCALP

“Multi-purpose” First Aid Antiseptic 4 ozs

Active ingredients: Allantoin 0.5%, Benzalkonium chloride

- Dry cracked skin
- Sunburn
- Cuts
- Abrasions
- Burns
- Damaged nails
- Insect bites

This product has remarkable healing qualities and is suitable for a wide range of skin problems, e.g. dry, cracked and aging skin, burns, wounds, sunburn. Patented wound healing formula

Medicated Shampoo 8 ozs

Treats – cleans - conditions

Active ingredient: 0.5% Coal Tar

- Dandruff
- Psoriasis
- Seborrheic dermatitis

The superior quality of the Curafas shampoo sets it apart from the traditional commercial products found in drug and chain stores today. The Curafas formula not only effectively treats the scalp, but also cleans and conditions the hair, without leaving a greasy residue or unpleasant odor. Restores moisture to brittle, damaged and chemically abused hair.

Psoriasis Cream 2 ozs

Treats and relieves the symptoms

Active ingredient: 0.5% Coal Tar

- Psoriasis
- Seborrheic dermatitis

A fine, deep moisturizing formula that absorbs quickly into the skin. Controls and helps eliminate the itching, redness, flaking and scaling associated with psoriasis and seborrhea dermatitis. Patented wound healing formula

Company History

Curafas was established in 1990 to develop and distribute a topical treatment for dry skin. The products are based on an amino acid vitamin complex that has remarkable healing properties. This formulation has proved successful in supplementing and encouraging natural regeneration of the skin. Curafas products are sold as non-prescription items. To comply with the U.S. Food and Drug Administration (F.D.A.) requirements, all products contain active ingredients approved for specific applications.

Testimonials

"Thank you for allowing me to share my experience with Curafas Psoriasis Cream. I have been a client of Curafas for over two years and think that your product is wonderful! I had severe cracking of the skin on my hands which was not only unsightly, but painful. I began using the Curafas product and within weeks the problem practically disappeared! I now use the cream each morning and it controls the cracking and splitting almost completely! I have tried other ointments and creams, but I always come back to Curafas. Thank you for developing the product." D.Carter, TX

"My client's scalp has been consistently covered with psoriasis for the past six years. She has tried everything on the market and prescription "remedies" for psoriasis. Nothing has helped her condition – until Curafas. After one month of using Curafas shampoo her scalp condition is healed. Thanks to Curafas she has no trace of psoriasis. We make sure we are never out of Curafas in our salons." K.Young (Prof. Hairdresser), SC

"I have been using Curafas Antiseptic for cracks in the corners of my fingers. I never found a product that has worked for this. I also use it for cold sores and it worked amazingly well for these also. I find this product has many uses for healing, and I would recommend it to all consumers." L Fenstermaker, PA

"I am sending you a little note explaining how pleased I am that I use your First Aid Antiseptic Cream. I have three small children and as children do, they are always getting cuts and scrapes. After I clean the wound, I put Curafas on and it really seems to help heal a lot quicker than other creams I have tried." S Young, PA
