Our ultimate goal is to be one of the first in Florida to eliminate plastic and paper bags in our stores all together.

Working together can make this all a reality and help those in need at the same time.

Love Whole Foods
Will Donate 5¢ To A Local Charitable Organization Each Month, For Every Bag You Bring

This Bring-Your-Own-Bag Campaign originated as a way to invest in and enrich the community and the environment that we live in. Since most of us do not like plastic bags, and paper bags often tear, we feel that re-usable bags are the way to go.

Our ultimate goal is to be one of the first in Florida to eliminate plastic and paper bags in our stores all together.

Working together can make this all a reality and help those in need at the same time.

Request a local organization at the designated spot in each store or on our Facebook page
