You no longer have to wonder if you have Rewards coming or whether you have already printed off your Rewards!

Some customers have problems with Foodsmiths email rewards, one of the following reasons may be your problem:

- You are unable to log on to our site
- Email spam blocking or virus protection settings
- Slower dial-up internet connection issues in your area
- You are unable to print your rewards

Ask us to have your rewards issued by regular post mail. This is obviously a slower process and may not be as rewarding for you. Email rewards take \$500 worth of purchases to accumulate a \$10 reward and regular post mail rewards take \$700 to attain the same \$10. The choice is yours.

If possible, we highly recommend that you choose the email option and earn your rewards faster.

By comparison with other programs, the Foodsmiths Rewards Program offers a 2% return to customers and we feel this is one of the most rewarding programs around! It's just one more way of showing you that we appreciate your business.
