

December 2009

Seasons Greetings,

Mother's Market & Kitchen is always accepting applications from high energy people interested in serving our customers in a caring, honest manner. Mother's strives to manifest truth, beauty and goodness in a natural foods market and seeks to serve our neighborhoods with a diverse, vibrant staff that mirrors our community and shares these values.

At this time we have no openings that we are scheduling interviews for. Mother's regularly reviews the applications we receive and keeps them on file.

Mother's would like to encourage you to visit any of our six locations and shop our incredible selection of natural products.
