Natural Foods Market

If you're one of the over 46 million Americans diagnosed with osteoarthritis, you'll want to know more about **Gluco Matrix**, an advanced joint support formula in an easily absorbed liquid. It provides five natural elements proven to work together to encourage your body to regenerate damaged cartilage, restore healthy connective tissue and create more "cushioning" fluids that allow better mobility and relief from discomfort. Not only does **Gluco Matrix** give you Glucosamine HCl (restores natural lubricants in the joints) and Chondrotin (repairs cartilage), but it also provides MSM (reduces inflammation and associated pain), Vitamin C (creates collagen) and Fulvic (a catalyst for superior absorption and utilization of these other critically needed nutrients). **Gluco Matrix** effectively stimulates your body's own natural regeneration of dry, damaged joint cartilage. As always we guarantee your satisfaction.
